

Dear Dave

We just wanted to let you know that our home buying experience with you was more than we could have ever dreamed of. Your enthusiasm and expertise made us confident that we chose the right home builder. Your attention to details and your ability to put yourself in the homebuyers shoes truly makes you one of a kind. We knew at every step of the process that you were there with us, making sure the choices we made were the right ones for us. We take pride in saying we own a Wilton Custom Home and would recommend your services to ANYONE who asked.

Sincerely,

Jean and Greg
